

LOKESH SHIMPI

SUMMARY

Full Stack Developer with strong expertise in the MERN stack (MongoDB, Express.js, React.js, Node.js), Next.js, and Tailwind CSS, specializing in building scalable, high-performance web applications. Proficient in RESTful APIs, and responsive UI/UX development.

EDUCATION

Gao Tek Inc. (Web Developer)

Dec 2024 - March 2025

- Contributed to the development and enhancement of E-commerce UI and blog features using React.js, HTML, CSS, JavaScript, and WordPress, improving user engagement and visual appeal.
- Implemented responsive layouts, dynamic animations, and UI refinements across multiple pages, enhancing the overall UX and aligning with modern web standards

EDUCATION

SSBT's College of Engineering and Technology, Jalgaon

2022 - 2026

- Bachelor of Engineering in Computer Science Engineering

CGPA: 7.64

PROJECTS

ChatWeb (GitHub)

May 2025 - June 2025

- Built a real-time chat web application using the MERN stack and Socket.IO, featuring secure JWT-based authentication (sign in, sign up, logout), profile management, and dynamic theme switching for personalized user experience.
- Implemented file, image, and video sharing capabilities, along with responsive UI using Tailwind CSS, enabling seamless multimedia communication across devices.

WorkVibe (GitHub)

March 2025 - April 2025

- A full-stack job portal platform using React.js, Shadcn ui, Node.js, Express.js, and Supabase, enabling seamless job search, application tracking, and job posting with role-based authentication.
- Integrated Tailwind CSS for responsive UI and Clerk for secure user authentication, enhancing both user experience and data privacy across job seekers and employers.

AI Code Reviewer (GitHub)

Jan 2025 - Feb 2025

- Developed an AI-powered code review platform using the MERN stack and Google's Gemini LLM, enabling intelligent, real-time code analysis with support for multiple programming languages.
- Designed a user-friendly UI with light/dark mode, copy-to-clipboard, and downloadable review options using Tailwind CSS, enhancing usability and developer productivity.
